

Rockdale City Raiders

(Established 1956 - Thriving in 2020)

"your Family Club for everyone"

Newsletter Update – June 2020

Hi All - Let's get kicking !

Finally some really positive news - Training is about to start !

Training YES – We now have “permission” to start training on a restricted basis. Attached are the Raiders and FNSW guidelines. The big “rules” are :

- ✓ Teams have to be spread out
- ✓ No “ actually games “ even no practice games at training this stage.
- ✓ Full register of who is present including players , coaches and parents must be kept.
- ✓ Social Distancing must be observed .
- ✓ Come to training 5 mins before it starts - Leave straight away after finishes

When ? At this stage some of the Competitive teams 12 & above are starting this week with our Mini Roos very soon.

Games Soon ?

We are awaiting formal permission but we are planning on **competition starting early July**

Competitions are likely to run through till Sept and maybe even into October

MiniRoos may even start sooner ie late June if we can get permission. Probably start with “Inter club” type games / days

So please contact your Coach / Mgr for more details

SGFA Survey - Thanks to all those who completed the St Geo survey. Key finding 88% key to get back on the field (see attached)

Sydney Airport

Jim Graham Field - Is the upgrade to Synthetic still happening – YES

I've had several good discussions & **work starts on August 17th** Main field will **completed first -targeted for March 2021** . It will be approx. 95mtrs * 60 mtrs. Fully enclosed & full lighting. There will marking to allow Mini Roo games !

How are Raiders handling this ? "Pretty Good"

Your committee has "meet" (well ZOOMED of course) a couple of times and are starting to fire up.

Things we now really start to get moving as training and then games resume.

Thanks everyone for your ongoing support of your mighty Raiders .

Be just a little more patient

& it will on with the Hoodies and Goals , Goals Goals !
